### A NOTE FROM THE EDITOR

A great night was had by all last meeting with our guest speaker Keith Wolahan and his wife Sarah. We had a number of other guests which made for a friendly and convivial atmosphere – Denise Heunder, Colin Hall from WNH and Warrandyte Men’s shed, Peter Hookey from WFC, Warwick Gleeson from RC Diamond Creek and Lena Molinaro. It was good to see most of the club members present except those who are still on the high seas and Bob McKenzie who is still recovering from his treatment.

Keith gave us a bit of background about his previous working life. He went to Ringwood High School then to university to do Law. He became a barrister before taking to plunge into politics. He talked about the importance of democracy as he sees it – stressing the importance of confidential voting (such as the upcoming referendum for The Voice) – as well as the importance of getting changes to the Constitution right as it is the ultimate document which outlines our democratic values.

He mentioned that on that day his wife had just been made a barrister in her law firm – so our heartiest congratulations go to her for that achievement.

A full report and photos of District Conference next week prior to the art show. It’s a busy time with art show preparations in full swing.
